

Like a Faithful Friend

AMONG our Hupmobile owners here are several men who had owned other cars before they came to us.

Each said, in his own way, that he must have a car he could depend upon.

We told them what they all apparently had heard—that the Hupmobile is known for its service; that the great majority of our cars are virtual strangers to the repair shop.

They have all been Hupmobile owners for some time now. Not one of them has had necessity to visit our shop, save for a minor adjustment or two.

Not one of them has been deprived of the use of his car for so much as half a day.

It is this constant reliability—coupled with extraordinary performance and unusual economy—that makes the Hupmobile seem more like a faithful friend than just a motor car.

C. V. PENDLETON

45 Broadway, Norwich

**POLISH LINE HOLDING
ATTACKS OF BOLSHIEVIKI**
Warsaw, March 27.—(By the A. P.)—The Polish line is holding all along the front in Poland where the bolsheviks have been centering the attacks.

**SPRING COLDS ATTACK THOSE
WHO ARE WEAK AND RUN DOWN**
EVERY-DAY DANGER THREATENS EVERYBODY
WHOSE RESISTING POWER IS LOW

People who have become weak and run-down during the winter either from overwork or following grip or other serious illness are in special danger during the trying days of early spring. The weakened system is wide open to attacks of disease and new resisting power must be built up without delay.

For this purpose no better tonic food medicine can be used than Father John's Medicine because the pure, nourishing elements of which it is made rebuild health and strength. A doctor's prescription in use more than sixty years—Father John's Medicine is guaranteed free from alcohol or any dangerous drugs. The wholesome, strength-building food which it contains is easily taken up by the system and it gives the very resisting power so greatly needed at this time.

UNCERTAINTIES OF CONSTANTINOPLE

Constantinople, March 27 (By the A. P.)—Nearly every day adds to the uncertainty of the people of Constantinople, which is the center of the great ferment in the Near East, but knows little about the decision of the Paris and London foreign offices and gets such heavily censored news from the Levantine points that New York and Washington doubtless have fuller information on the Turkish situation than do the Turks.

Commercial interests are eagerly discussing the possibility of liquor prohibition in Constantinople, and trade conditions in the Straits are enervated. Many merchants believe that Constantinople would then be the transshipment point for the Black sea trade.

In that event, the Black sea ports would probably assume greater importance, especially Batoum, which can provide an unlimited supply of fuel oil, and stands as the gateway to Georgia, Azerbaijan and Persia. Batoum is not a good natural port, but is capable of extensive development with breakwaters.

Many students of Near Eastern commerce expect that Pinarova, the port of Athens, will become much more important as a trans-shipment center when Turkish control of the Dardanelles and the Bosphorus is ended.

After Great Britain, the United States now has more shipping in Levantine waters than any other nation.

Discussing American shipping in the Near East, a prominent American business man said: "We have ships, but we haven't American shipping agents to handle them. We haven't facilities at the various ports and are at the mercy of foreign agents backed by their governments, which are far more interested in assuring their commercial future than in protecting the rights of the minorities, about whom they talk so gladly."

American interests are reported to be ready to erect temporary transit warehouses but cannot get permits to do so. The efforts of the United States shipping board to get a footing in Constantinople are declared to be blocked at every turn.

The situation at Batoum, where the British are in control, is also said to be unsatisfactory. Even ships carrying supplies of the American committee for relief in the Near East for free distribution to the Armenians are forced to pay a transit tax to the Batoum government.

There is a bitter trade war on. American goods are boycotted and American ships are refused entry. The popularity of certain American commodities and try to prove to the world that other brands are better. Articles are published attacking the poor quality of goods offered by American firms and urging the substitution of British.

Italy has less than 400,000 men under arms.

New York, March 28.—Italy has transformed her war machine into a peaceful one without increase of expenditure and by her own resources.

Baron Romano Arsenau, Italian ambassador to the United States, He spoke here today at a mass meeting held to promote the dollar loan that the Italian government has launched in the United States.

In answer to reports that Italian demobilization is not proceeding rapidly, the ambassador stated that less than 400,000 men are still under arms, and these forces will soon be reduced to a minimum as the result of bills now pending in parliament.

The Italian dollar loan, which was the occasion for the mass meeting, was authorized last January by the United States treasury department.

Its main purpose is to attract funds from Italian banks and elsewhere, to have sent deposits to banks in Italy totalling between \$20,000,000 and \$100,000,000 annually. The first issue is for \$25,000,000.

The bonds through sale of which the Italian government hopes to establish credits for the purchase of American merchandise.

**OVERFLOW OF CONNECTICUT
RIVER IN VERMONT**

Bellevue Falls, Vt., March 28.—The ice in the Connecticut River broke up at this point and several small icebergs today and huge cakes two feet thick were swept downstream. The water over the dam here rose from a depth of 3.5 feet this morning to 10 feet tonight and will continue to rise.

It is two feet higher the tracks of the Rutland railroad would be flooded. Many farms in the lowlands are covered with water and cattle have been removed to higher ground. Water has crossed the road between and Rockingham making it impassable. The paper mills have been shut down. Although the ice was smashing against several bridges tonight none was considered in danger.

**LANSING TO PRESIDE
AT INTERCHURCH DINNER**

Washington, March 28.—Robert Lansing, former secretary of state, will preside here April fifth at a dinner arranged by officials of the inter-church world movement to mark the inauguration of the trip of the organization's "living squadron" through the eastern and middle western states in behalf of the fund being sought to aid in the spread of Christianity.

The membership of the squadron includes John D. Rockefeller, Jr., Doctors John R. Mott and S. Earl Taylor of New York; Dr. John Y. Atchison of Boston; Dr. William H. Fox of Philadelphia; and Lyman L. Pierce of New York. The first city visited will be Baltimore on April fifth.

**AMERICAN FINANCIER
IS DESERTING GERMANY**

Berlin, March 27.—It has been learned from American sources, says the Tagesblatt today, that a number of American financiers have been offered to provide credits to aid in the recovery of German trade have withdrawn their offers as a result of the recent Kapp coup d'etat.

For the same reason, adds the newspaper, the negotiations which had been nearly completed for shipments of large quantities of potato to America, have been indefinitely postponed.

**Acting Secretary Of The
Interior**

After the retirement of Franklin K. Lane, Alexander T. Vogelsang, Assistant Secretary of the Interior, became acting secretary. He will be in charge of the department until John Barton Payne, the newly appointed secretary, takes over the office.

TRIEST PRESENTS MOUNTAIN CANNON TO YORK, PA.

Trieste, Italy, March 27.—The Italian government today presented to York, Pa., the home of Ralph C. Busser, American consul here, a mountain cannon as a testimonial of the city's appreciation of America's timely and valuable assistance in winning the great war.

Cannon of quite an elaborate nature were carried on board the United States steamer Vanadine, in the harbor, a large crowd of Americans, members of the Italian naval command, and a detachment of Italian troops being in attendance. Commander Pantomelli made the presentation address.

**8,000 ARMENIANS MASSACRED
AT MARASH LAST MONTH**

Constantinople, March 27.—Estimates of casualties during the massacres at Marash last month, sent here today, show that about 8,000 Armenians during the disorders fifteen Turks killed.

BORN

DONNELLY—At Eastern hospital, Norwich, March 28, 1920, daughter, Mrs. and Mr. William Donnelly of 71 Chestnut street.

MURPHY—New London, March 27, 1920, a son to Mr. and Mrs. David Mitchell, formerly of Westerly.

BRIELEY—In Attawapung, March 27, 1920, a daughter to Mr. and Mrs. Warren Brieley.

EAGAN—In Providence, R. I., March 27, 1920, a daughter to Mr. and Mrs. Charles Eagan (Laura Jacques, formerly of East Killingly, Conn.).

MARRIED

HIGGINBOTHAM-BLIVEN—In Westbury, R. I., March 27, 1920, by Rev. George D. Stanley, Charles Higginbotham and Miss Sue Mason Bliven.

COBROVE-HORRIS—In Williamstown, March 27, 1920, by Rev. Harry S. McCready, George Cobrove and Miss Lilian Horrie, both of Mansfield Depot.

DIED

KELLY—In this city, March 28, 1920, Captain Kelly, widow of John Kelly. Funeral at the home of her daughter, Mrs. William Kelly, at No. 19 Fifth street, Tuesday morning at 2:30. Requiem mass at St. Mary's church at 9 o'clock. Automobile cortege.

PATTERSON—In Constantinople, Turkey, March 27, 1920, a son to Mr. and Mrs. Patterson of New London, Conn.

CREPEAU—In Norwich, March 27, 1920, Walter E. Crepeau, aged 37. Funeral services at his late home, 756 Roswell avenue, Tuesday, March 29 at 2 p. m. Burial in Maplewood cemetery.

LANMAN—In Norwich, March 28, 1920, Mary E., widow of Peter Lanman, in her 81st year. Burial in Maplewood cemetery. Notice of funeral hereafter.

RINGLAND—In Norwich, March 27, 1920, James Ringland, aged 36 years. Burial in Maplewood cemetery.

LATHROP—In Norwich, March 27, 1920, Florence Bussey, wife of Russell W. Lathrop. Notice of funeral hereafter.

BOYER—In Waterford, March 27, 1920, Basil E. Boyer, aged 59 years.

GEORGE—In Norwich, March 27, 1920, Charles Franklin George, aged 47 years and 4 months, member of the 18th regiment, C. in his late home, No. 74 West Town street, Tuesday afternoon, March 29, at 2 o'clock. Burial in family lot in Fannie cemetery.

BROWN—In Tataville, March 27, 1920, Nancy Herd, wife of William Brown, aged 38 years and 9 months. Funeral at her late home, South Fifth avenue, Monday, March 29, at 2 o'clock. Burial in Maplewood cemetery.

HODGKINSON—In Tataville, March 27, 1920, Alfred Hodgkinson, aged 78 years. Funeral at the home of his daughter, Mrs. William Bailey, Front street, Monday, March 29, at 2 o'clock. Please omit flowers.

BRUSH—In Baltic, March 28, 1920, Virginia Leamer, wife of Frederick W. Brush, aged 51 years and 11 months.

HUNTINGTON—In Mansfield, March 27, 1920, Herbert O. Huntington, aged 68 years.

PUTNAM

The Waterman Worsted company reopened last week for work after nearly two weeks' idleness due to the strike. At a meeting of the strikers on Wednesday afternoon it was decided to accept the company's terms of a 48-hour week and 5 per cent. increase in wages. Their original demand was a 48-hour week and 15 per cent. increase.

The boxing exhibition advertised for Saturday evening was cancelled because of the demands of the principals for extra money. The fight of the day for the sport fans of Putnam and vicinity, but all upheld Promoter Cordier in standing firm upon his original agreement. The next bout is set for April, when it is hoped Danny Doyle and Kid McKenna will settle the disputed point of supremacy.

An appeal has been made by the District Nurses association for clothing for children between the ages of 3 and 10. Anyone wishing to donate the required articles may leave them at the Chamber of Commerce rooms.

The monthly bulletin of the state board of health shows an annual death rate per 1,000 for Putnam to be 13.5 for January. Fourteen deaths occurred, three of which were infants under a year old; one a child under 5 years, and the others over 5 and under 15 years of age.

Twelve marriages were performed during the month and 15 births occurred. George E. Shaw has been attending a jeweler's convention in Providence the past week.

Miss Elizabeth Barnes left Saturday for a short visit to Washington, D. C. Col. N. M. Parker has sufficiently recovered from a long illness to be able to come downtown.

E. J. Hogan of Groveland, N. H., accompanied by friends from this city, went to Boston last week on business. The return trip was made by automobile.

The Girls' club of Putnam held an Easter bazaar in the club rooms on Front street Saturday from 2 to 5 p. m. Fancy work, flowers, bangles, aprons and candles were for sale. Hot chocolate and cake were served.

The chairman of the various committees, Elizabeth O'Brien, called on the ladies and chocolates, Pannie Keller, fancy work, Mrs. Buelia Harris, aprons, J. Marguerite O'Brien. A large crowd attended, making the affair a success.

Donald Holmes of this city left Friday for a brief stay in Hartford. Mrs. John Holmes and daughter returned home Saturday evening after a week's stay in North Hampton.

James Woodson, a member of the senior class at Putnam High, will spend the week at the home of his parents at Ayr.

Stanton Ballard leaves today (Monday) for a brief stay at Boston. The Putnam Midwinters went to Ball in Friday night with Manager George Child, playing the Battle of Putnam in return game to decide the championship for basketball of eastern Connecticut. Because of the small size of the floor the Putnam team was defeated 24-14. As Ballie won the first game at Putnam, this gave Ballie the championship. The Putnam players feel that they did not have a square deal, because the team they met Friday night was not, as specified, the team which played at Putnam. Putnam was outwitted over 10 pounds by a man, nevertheless gave the Ballie a hard go. One of the factors contributed to Putnam's reverse was an accident to Durand, who was playing a stellar game for the Putnam five. He was knocked unconscious but his present condition indicates that he will not be seriously affected will play the game was fast for teams of this kind and was the last game he played for the Putnam team. E. J. Hogan of Groveland, N. H., accompanied by friends from this city, went to Boston last week on business. The return trip was made by automobile.

**BRITISH ARE BUILDING
EXTRA TONNAGE SHIPS**

Washington, March 28.—British shipbuilders are laying stress on construction of extra tonnage ships, according to a special report to the department of commerce made public today. On March 1, there were 55 ships of more than 10,000 tons on British ways, 22 of them of more than 15,000 tons.

Complete British statistics for 1919 showed launchings to have aggregated 612 merchant vessels of 1,250,442 tons. "Not a single sailing vessel was launched during the year," the summary stated.

**BONDS AND STOCKS FOUND
IN A PARIS-WARSZAWA TRAIN**

Paris, March 28.—Bonds and stocks to the amount of 60,000 crowns were recently found in a leather bag in a Paris-Warsaw train by a Polish customs official at the frontier. The bag was hidden in a lavatory. The contents of the bag were confiscated by the Polish government, as it is believed they were destined for bolshevik propaganda in central Europe.

**MORE THAN 100,000 PERSONS
AT CONEY ISLAND SUNDAY**

New York, March 28.—Warm weather lured more than 100,000 persons to Coney Island today, where they found many amusements and restaurants open. The "hot dog" merchants did a rushing business, giving the resort much of its summer atmosphere. A few took a dip in the surf.

Fire was discovered about 10:20 Saturday night at the coal chute near Whipple and Gilpatrick's lumber yard. The news of the fire was telephoned in and the alarm was not rung until after the chemical truck had arrived at the yard. Both trucks responded quickly and soon had the blaze under control although the yard is distant from the nearest hydrant. According to several of the firemen, one thousand feet of hose was necessary to reach the place. The damage was not serious, an old freight car used as a sand-house and a number of tools being the principal losses. Part of the trestle works suffered damage also. The fire is said to have started from the sand heater in the interior of the sand shaft. After water was obtained little difficulty was encountered in putting out the flames. The "all out" signal was sounded at 11:50 p. m.

**WOOD DENIES CHARGES
MADE BY SENATOR MORAH**
Chicago, March 28.—General Leonard Wood, candidate for the republican presidential nomination, in a statement tonight declared that charges made by Senator Borah concerning the campaign methods of the Wood family were unwarranted and that he was convinced they were for the purpose of influencing adversely the primary vote in Michigan next Monday.

"Those who are in charge of my campaign stand ready to answer all proper inquiries concerning expenditures," says the statement.

**WOOD FAVORS PRACTICAL
FARMER MEMBER CABINET**
Washington, March 28.—The direct representative of farmers in the president's cabinet, the secretary of agriculture, should be a practical farmer, "not a theorist," according to a letter from Major General Leonard Wood to N. J. Bachelder of New Hampshire, former master of the National Farm Bureau, made public here today by General Wood's campaign manager.

"In no line of human endeavor," General Wood said, "is there without practical experience more useless and more harmful, less productive of confidence or of results than in the work of farming."

General Wood also expressed his views as to farmers' co-operative enterprises, saying they "deserve and must have the same treatment and the same consideration as other organizations in the same circumstances," and he added that a "hand-owning farm population is an ideal to be looked forward to as a strong bulwark of national life."

**CHARGES REORGANIZATION
PLAN FOR GERMAN ARMY**
Paris, March 28.—(Havas).—Charges that the military party in Germany has been secretly working on a reorganization plan for the German army are made by the Journal today. Investigation has revealed this, it is claimed, and has shown that the plan of men who can be mobilized at the first call totals 300,000 in Bavaria alone.

The Petit Parisien says it learns that the government has purchased to the allies that immediate action be taken to prevent the neutral zone along the German border being constantly entered by Reichswehr forces contrary to the peace treaty stipulations.
